

PS R2.H, Precision Balance

DESCRIPTION

Communication interfaces

Not only do they share all the features of **R series** balances, but can also work in adverse operating conditions (condensed dust, drops of water falling down at different angles typical for **IP 54**).

PS.R2.H balances feature several communication interfaces: 2 x RS 232, type A USB, type B USB and optional Wireless Connection.

Databases

Information system of the PS R2 H balances is based on 5 databases, which allows for several users to work with several products databases, and the registered weighing results can be subject to further analysis.

ALIBI Memory

The R2 H series balances feature ALIBI memory that is a warranty for safety and automatic recording of your measurements.

The ALIBI memory allows to record up to 100 000 weighing records.
